Graham County, Arizona

Brian Douglas, Health Department Director

NEWS RELEASE

Update on COVID-19 Campaign

The Graham County Health Department, in collaboration with the Greenlee County Health Department, will be changing isolation and quarantine guidelines in accordance with new CDC recommendations. These changes will begin **January 10th, 2022**.

Instructions will accompany this release. Residents should be aware that their employer may have policies for returning to work that are different from the attached instructions. Residents who test positive for COVID-19, or are quarantined as close contacts of a positive COVID-19 case, should contact their employer and follow the employer's guidelines for returning to the workplace. Employers may have more restrictive policies in place to deal with unique situations in their business.
